** Add these courses to the credit check sheet following the process listed above remember that:

- Dance can count as a PE credit or a fine arts credit but not both.

5. Once you have filled in all the boxes of the courses you have completed – count up all the credits you have earned and fill in total potential credits. Then count up your courses that show the level of grade 10 and put the number in the space beside no more than 7 grade 10 credits – if you have more than 7, subtract the extra grade 10 credits from the total potential credits.
